

Early Childhood Education - Diploma

West Burlington Campus, and Online

The [Early Childhood Education](#) program is designed to prepare students to secure one of the many careers available in early childhood education. Graduates of the program may work with children from birth to eight years of age in a variety of settings such as child care centers, preschools, child development homes, or public and private schools. Students may elect to complete either the Educator Licensure/Transfer Pathway or the Child Care Management Pathway of the Early Childhood Education AAS. Students who intend to teach in a Pre-K through third-grade setting will need to transfer to a teacher licensure institution. In addition, this program addresses the competencies and functional areas necessary for students to begin the assessment and testing process for the Child Development Associate (CDA) Credential administered by the Council for Early Childhood Professional Recognition. See http://www.cdacouncil.org/storage/documents/TransitionGuide_1-3-13.pdf for additional CDA Credential requirements by the Council.

*Diploma can be earned one time.

See [Program Handbook](#) for Additional Information.
