Program Information

The Agribusiness Pathway equips students with the skills and knowledge necessary to enter a career in the agricultural industry where students will apply business principles. Students will learn about various business principles related to agronomy and livestock production including commodities, marketing, sales, business management, among others; future technologies; critical issues impacting the industry; agricultural law; among many other related topics. Students will complete two internship experiences where they will be able to apply their knowledge and gain extensive experience and skills.

In Spring II, students will complete two of the three courses in the agriculture course option listing. If earning your award online, take HUM-287 in place of the required AGB-104.

The Agriculture Certificate is awarded after successful completion of first semester courses.

The Agriculture Diploma is awarded after successful completion of the first two semesters.

Instructor and Staff

Sabrina Pidgeon
Professor - Agriculture Management
