

Medical Coding and Billing - Patient Access Associate Certificate

West Burlington Campus, and Online

The Patient Access Associate program prepares students for the front line of healthcare services for patients entering a hospital or clinic. Students will learn customer service skills, medical terminology, registration and scheduling skills, specifics of revenue cycle, and use of electronic health records, HIPAA training and other standards of care, and different types of insurance offerings. The Patient Access Associate will assist patients to effectively navigate health appointments with providers or services. Upon successful completion of the four courses contained in the program the student will earn the Patient Access Associate Certificate.
