West Burlington Campus

Respiratory care deals with all aspects of the heart and lungs from babies through adulthood. It ranks among the top 20 fastest growing occupations, and companies love to hire SCC grads. That's because they know their stuff. Our two-year program includes tons of hands-on experience in clinical sites across the region.

Respiratory Care is a specialty field in the health occupation career field. Simply stated, "It deals with everything to do with the heart and lungs from babies through adulthood." This field is growing rapidly and has a great demand for graduates with an associate degree in respiratory care. Respiratory care ranks among the Top 20 fastest-growing occupations for the 21st century.

This two-year program includes clinical studies. These clinical studies consist of hands-on training that will take place in rotating hospitals within a 75-mile radius. Graduates of this program will be able to initiate, conduct, or modify respiratory care techniques in emergency and non-emergency settings. The Southeastern Community College Respiratory Care Program, CoARC #200462, located in West Burlington, Iowa, offers an Associate of Applied Science Degree and is accredited by the Commission on Accreditation for Respiratory Care (www.coarc.com).

Instructor and Staff

Stacy Sells Professor - Respiratory Care/Program Coordinator (319) 208-5204 ssells@scciowa.edu

Deanna Johannsen Respiratory Care Clinical Coordinator/Instructor (319) 208-5214 djohannsen@scciowa.edu
