**The Animal Science Pathway** equips students with the skills and knowledge necessary to enter a career in animal science. Students will learn about various livestock species, business principles related to livestock production, animal health, animal nutrition, animal husbandry, among many other related topics. Students will complete two internship experiences where they will be able to apply their knowledge and gain extensive experience and skills. Students will take four credits of AGB-104 or HUM-287. In Spring II, students will complete two of the three courses in the agriculture course option listing.

**The Agriculture Certificate** is awarded after successful completion of first semester courses.

**The Agriculture Diploma** is awarded after successful completion of the first two semesters.
