

## Certified Nurse Aide

Availability for the CNA class is limited due to the State of Iowa regulations.

Filling out an application does not guarantee that you will be enrolled in the next starting class.

Deadline to return completed paperwork to us is ONE Month prior to the class start date. This allows us time to process your background check and to make any adjustments to the class roster.

You will not be enrolled in the CNA class until the CNA Coordinator has contacted you by phone or email or both.

PLEASE be certain to provide accurate Phone and E-Mail Information.

You can pay your tuition bill by going to the Self Service tab on Hawknet. If you do not see a tuition bill, you are NOT enrolled for the class.

Unless you have funding, Financial Aide, PACE or Voc Rehab, YOU are Responsible for the Full amount of the CNA class.

This must be paid in FULL before classes begin.

Thank you

# Nurse Aide Certification Registration Packet & Check Off

- STEP 1. Using a Laptop or Desktop Computer, Apply for Admission to Southeastern Community College.
  - Visit <u>www.scciowa.edu</u> and complete the SCC Admission Application.

# **Background Check Policy**

2/2004 / Revised 7/2012, 2/2015

Education of health career students at Southeastern community College requires collaboration between the college and clinical affiliates. Education of these students cannot be complete without a quality clinical education component. The college shares an obligation with the clinical affiliates to protect the affiliate's patients to the extent reasonably possible.

In establishing clinical affiliation agreements, healthcare educational programs are contractually obligated to comply with the requirements set forth by the clinical affiliates and state regulations. Students enrolled in health care educational programs must conform to the rules, policies, and procedures of the clinical affiliate in order to participate in clinical learning experiences. Therefore all students enrolled in a Southeastern Community College Health Career Program will be required to obtain a criminal background check.

The cost of this background check for entering the Nursing Assistant class is a non-refundable \$25.00 fee. No additional cost is required to complete the checks.

- Students will be notified of the requirement for the background check prior to admission to a health career program. The background check may include, but is not limited to searches, histories, and verifications as listed below: Positive Identification
- · Maiden / AKA Name search
- Social Security Number Trace which is verification that the number provided by the individual was issued by the Social Security Administration and is not listed in the files of the deceased. The SSN trace is also used to locate additional names and addresses.
- State Criminal Database Searches which includes a compilation of historical data.
- Adult and Child Abuse Registries
- Sex Offender Registry

Background checks which may render a student ineligible to obtain clinical learning experiences include, but are not limited to, a record of founded child or dependent adult abuse or conviction of a crime other than a simple misdemeanor offense relating to motor vehicles and laws of the road.

Documentation of criminal background checks is maintained in secured files for a minimum of 5 years.

Background checks will be completed within a 30 day window of the first scheduled day of class as specified by Iowa Law

The background information of any student with a discrepancy will be reviewed by the Department of Human Services which has final authority in determining whether prohibition of the student's involvement in the clinical education component is warranted. Any charges the Department of Human Services do not evaluate will result in denial of enrollment in the program. These are inclusive of juvenile charges, pending charges, & charges with an outstanding disposition or warrant.

Students who are deemed ineligible to participate in the clinical education portion of the course as determined by the Department of Human Services will not be official enrolled in the course. The student will be advised their background check results prior to the first day of the desired course.

# **Background Check and Release Form**

7/2015

I have received and carefully read the Background Check and Release Policy and fully understand its contents. I understand that the healthcare program to which I am admitted requires a background check to comply with clinical affiliate contracts and state regulatory requirements. By signing this document, I am indicating that I have read and understand Southeastern Community College's policy and procedure for background checks. I voluntarily and freely agree to the requirement to submit to a Background Check and to provide a negative Background Check prior to participation in clinical learning experiences. Any charges the Department of Human Services do not evaluate will result in denial of enrollment in the program. These are inclusive of juvenile charges, pending charges, & charges with an outstanding disposition or warrant. I further understand that my official enrollment in the health care program is conditioned upon satisfaction of the requirement of the Background Check with the vendor designated by the college.

A copy of this signed and dated document will constitute my consent for release of the original results of my Background Check to the college. I direct that the vendor hereby release the results to the college. A copy of this signed and dated document will constitute my consent for the college to release the results of my background check to the clinical affiliate(s).

### Iowa Core Performance Standards for Health Care Career Programs

lowa Community Colleges have developed the following Core Performance Standards for all applicants to Health Care Career Programs. These standards are based upon required abilities that are compatible with effective performance in healthcare careers. Applicants unable to meet the Core Performance Standards are responsible for discussing the possibility of reasonable accommodations with the designated institutional office. Before final admission into a health career program, applicants are responsible for providing medical and other documentation related to any disability and the appropriate accommodations needed to meet the Core Performance Standards. These materials must be submitted in accordance with the institution's ADA policy.

Capability	Standard	Some Examples of Necessary Activities (Not All-Inclusive
Cognitive-Perception	The ability to perceive events realistically, to think clearly and rationally and to function	<ul><li>Identify changes in patient/client health status</li><li>Handle multiple priorities in stressful situations</li></ul>
	appropriately in routine and stressful situations.	
Critical Thinking	Critical thinking ability sufficient for	Identify cause-effect relationships in clinical situations
-	sound judgment.	Develop plans of care
